

The resort is defined by the hospitality of its staff and its exuberant vegetation and design that allows various graceful buildings to dot a landscape of tropical flowers and trees.

Coral Costa Caribe is a wonderful option if you're looking forward to celebrate an event, a well deserved vacation of calm and fun in the sun, long strolls in the white sand with palm tree laced beach. You'll be able to enjoy the Spa, great amenities, new exciting places to explore and a fun filled night at the Discotheque or Casino.

Location

Surrounded by exotic tropical gardens and resting on the newly renovated white sandy beaches of Juan Dolio, Coral Costa Caribe is just 20 minutes away from Las Americas International Airport and less than an hour away from the oldest city of the New World, the historical city of Santo Domingo.

Its strategic location makes it easy to enjoy all the amenities that Juan Dolio and the cities near by have to offer. The town of San Pedro de Macoris, which has a grand sugar cane production and is the hometown of many dominican Mayor League Baseball stars, is barely five minutes away.
